AppsMarche Catering App User Manual with updated features	AppsMarche ( <a href="mailto:sales@appsmarche.com">sales@appsmarche.com</a> )	1.0	1-July-2017

## 1. AppsMarche Catering App

AppsMarche Catering App is a unique approach for the Caterers who want to manage their orders, customers, and menus and sub menus in a tech friendly and innovative manner. The app contains various features in it which makes the work to be managed properly and efficiently. Through this app the caterers can manage all the data of their staff which includes the customers, orders and menus. The customers can give the orders by using the app and the caterer can see all the orders through the app and can manage them. All the transaction reports, order reports and the customer reports can be seen and managed in the dashboard. All the functionalities of app like sending notifications, managing the reports, adding customers, managing orders, adding and updating menus etc. are managed by Web Dashboard.

## 2. How to Get a Catering APP

To get a doctor app, user has to sign up with us with below URL.

<http://www.appsmarche.com/catering-app-appsmarche>, and select option to Get APP.

By providing, few basic details, and making payment, user can register with us. Once payment is done, a confirmation email will be sent on registered email id which will contain the details on how to access web dashboard and credentials to access the same.

App will be uploaded on Play Store within 30-60 min duration after payment. We will send a confirmation email once it is uploaded on Play Store. Also App can be downloaded from Web Dashboard as well.

### 3. Web Dashboard Walkthrough

Access web dashboard with the URL shared on registered email id.

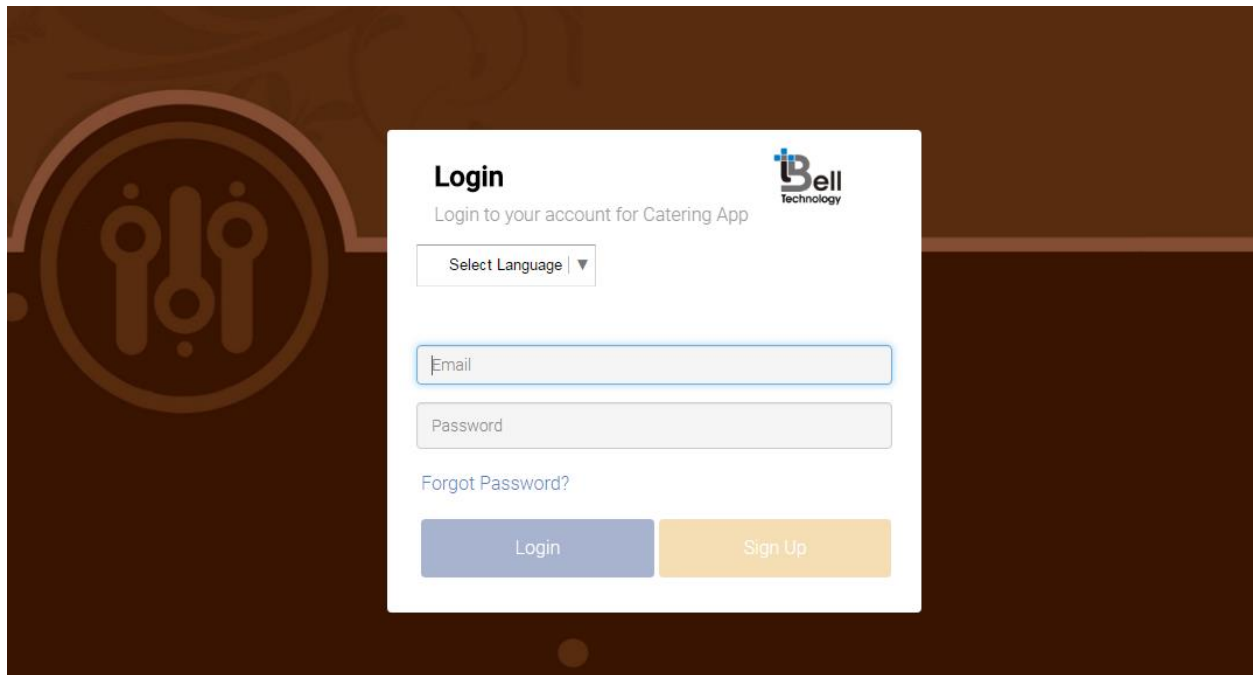

Figure 1 Login Screen

Admin will see below screen after login into web dashboard.

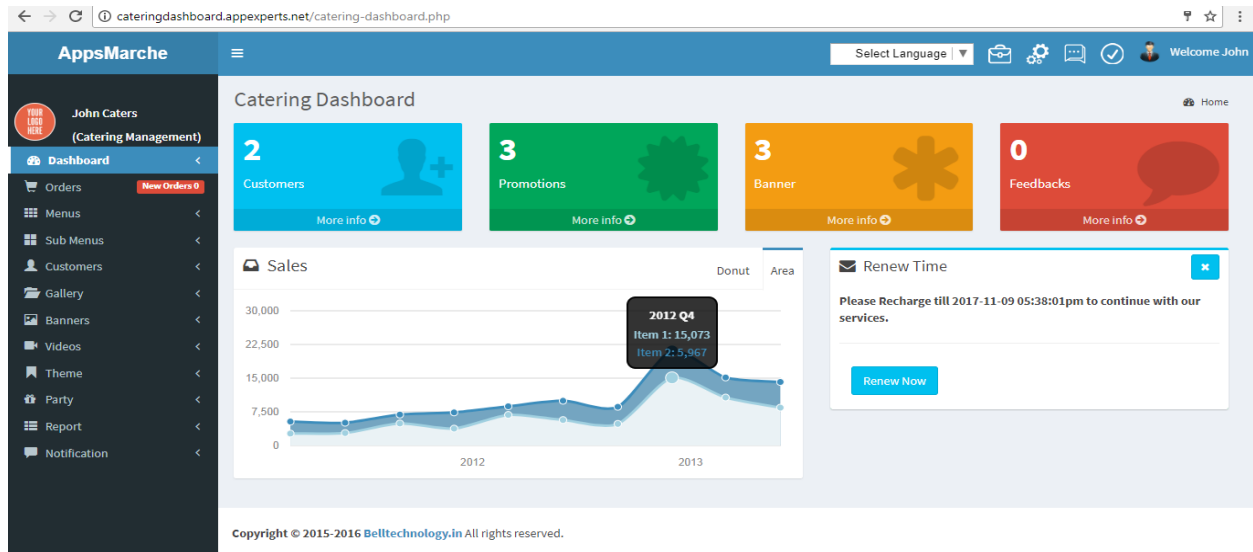

Figure 2 Admin Dashboard

Admin can change language of web dashboard by selected the required language from the drop down available on top right corner.

Figure 3 Change Language

**Note:** A new feature is added in the dashboard to keep track, maintain and store all the data for every entry in order to take backup or recovery in future. No data should be deleted rather it can be either activate or deactivate from admin's end. Only activated details will be shown to user but both to admin. It is applicable for all the tabs such as orders, menus, and customers and so on.

To view all the orders, Admin can select **Orders** from the navigation menu on left

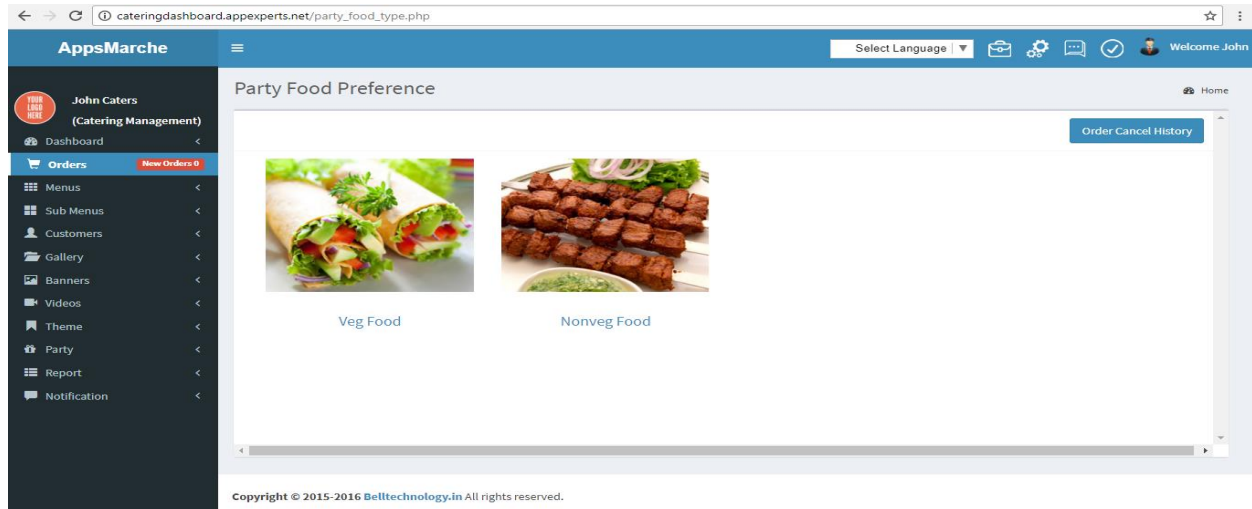

Figure 4 All orders

The admin can see the cancel order history by clicking on the **Order cancel history** button on the above screen

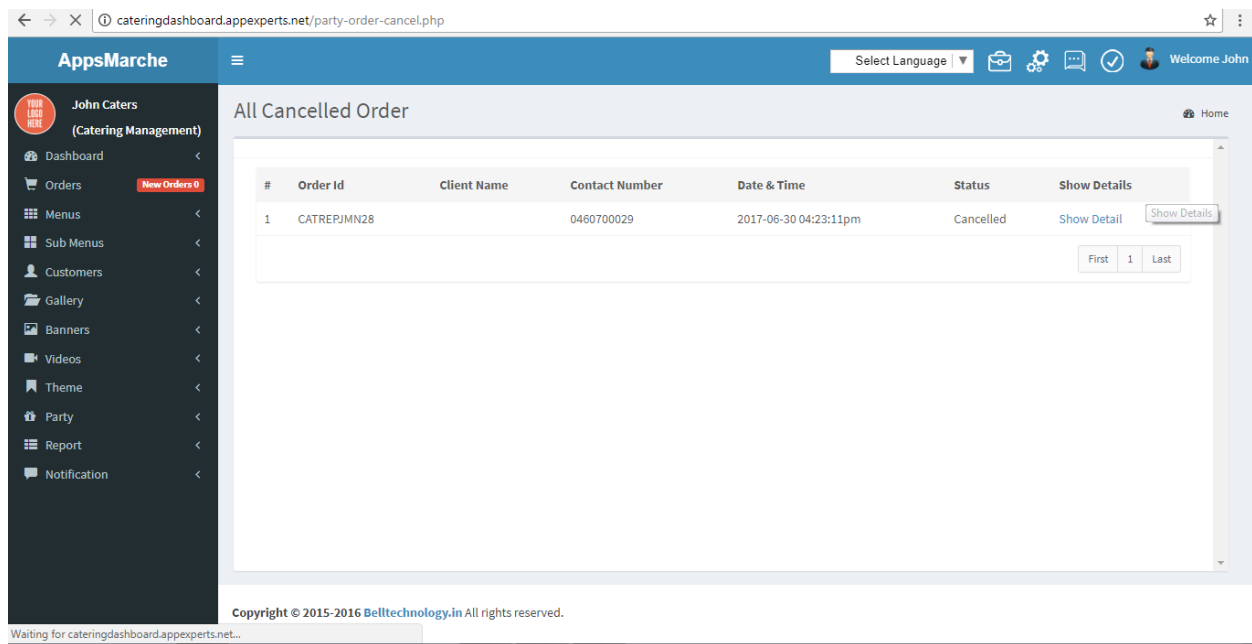

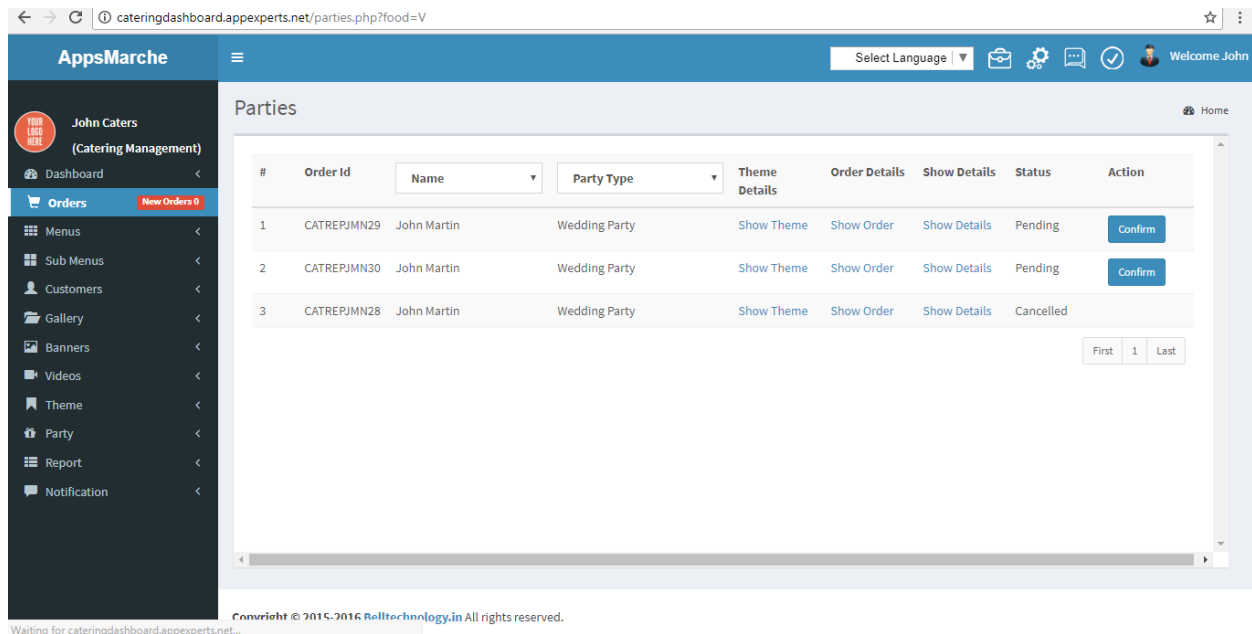

Figure 5 order cancel history

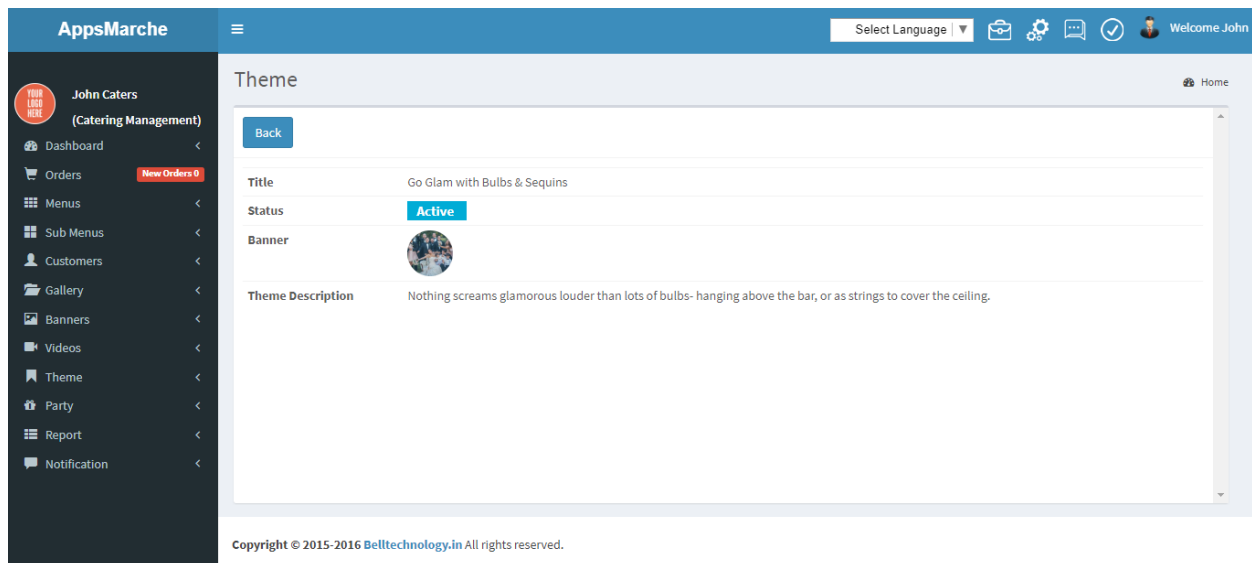

The admin can see the order list according to Veg and Non veg food by clicking on the above screen

#	Order Id	Name	Party Type	Theme Details	Order Details	Show Details	Status	Action
1	CATREPJM29	John Martin	Wedding Party	Show Theme	Show Order	Show Details	Pending	Confirm
2	CATREPJM30	John Martin	Wedding Party	Show Theme	Show Order	Show Details	Pending	Confirm
3	CATREPJM28	John Martin	Wedding Party	Show Theme	Show Order	Show Details	Cancelled	

Figure 6 view orders list

The admin can see the party theme for the order by clicking on the **Show theme** option given there

**Theme**

Back

Title: Go Glam with Bulbs & Sequins

Status: Active

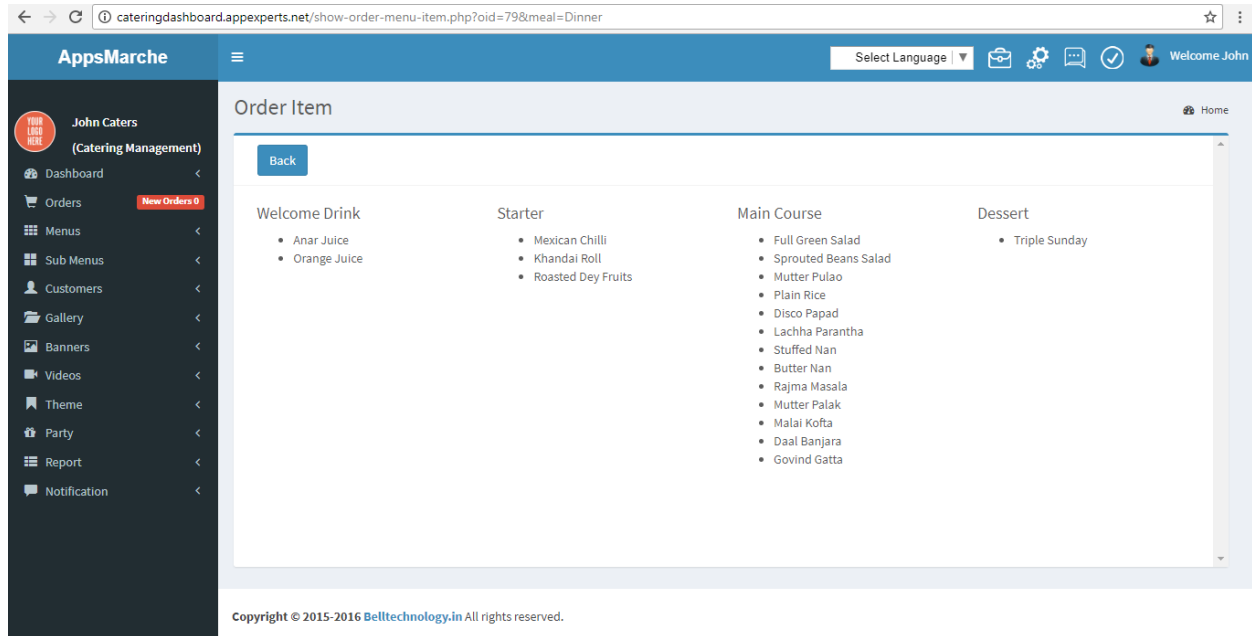

Banner: 

Theme Description: Nothing screams glamorous louder than lots of bulbs- hanging above the bar, or as strings to cover the ceiling.

Figure 7 show theme

The admin can see the order items for the order by clicking on the **show order** option given there

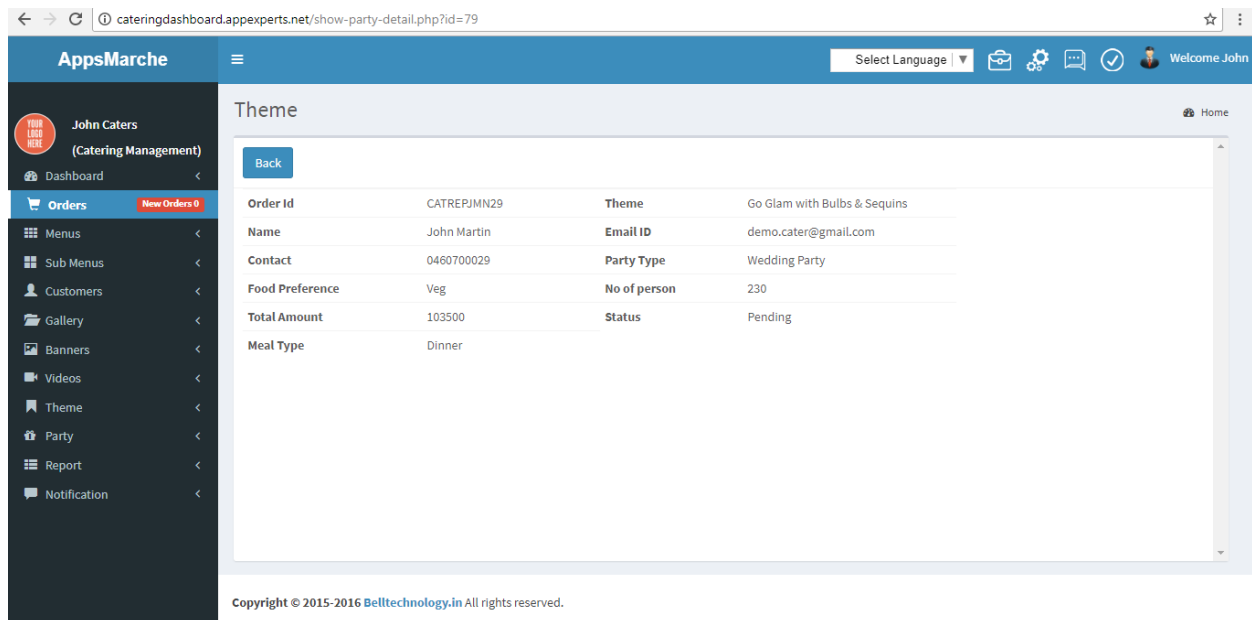

The screenshot shows the 'Order Item' page in the AppsMarche dashboard. The sidebar on the left lists various management options, with 'Orders' currently selected. The main content area displays a menu for a dinner meal, organized into four columns: Welcome Drink, Starter, Main Course, and Dessert. Each column lists several food items. A 'Back' button is visible at the top left of the menu area.

Figure 8 show orders

The admin can see the details of the order by clicking on the **show detail** option given there

The screenshot shows the 'Theme' page in the AppsMarche dashboard, which displays the details of a specific order. The sidebar remains the same, with 'Orders' selected. The main content area features a table with the following data:

Order Id	CATREPJMN29	Theme	Go Glam with Bulbs & Sequins
Name	John Martin	Email ID	demo.cater@gmail.com
Contact	0460700029	Party Type	Wedding Party
Food Preference	Veg	No of person	230
Total Amount	103500	Status	Pending
Meal Type	Dinner		

Figure 9 show detail

The admin can confirm the order by clicking on the **confirm** button given there

Copyright © 2015-2016 Belltechnology.in All rights reserved.

Figure 10 order confirm

After that once the order confirm and complete the admin can mark that order as completed by clicking on the complete button given there.

Copyright © 2015-2016 Belltechnology.in All rights reserved.

Figure 11 order complete

To view all the menus, Admin can select **Menus** from the navigation menu on left

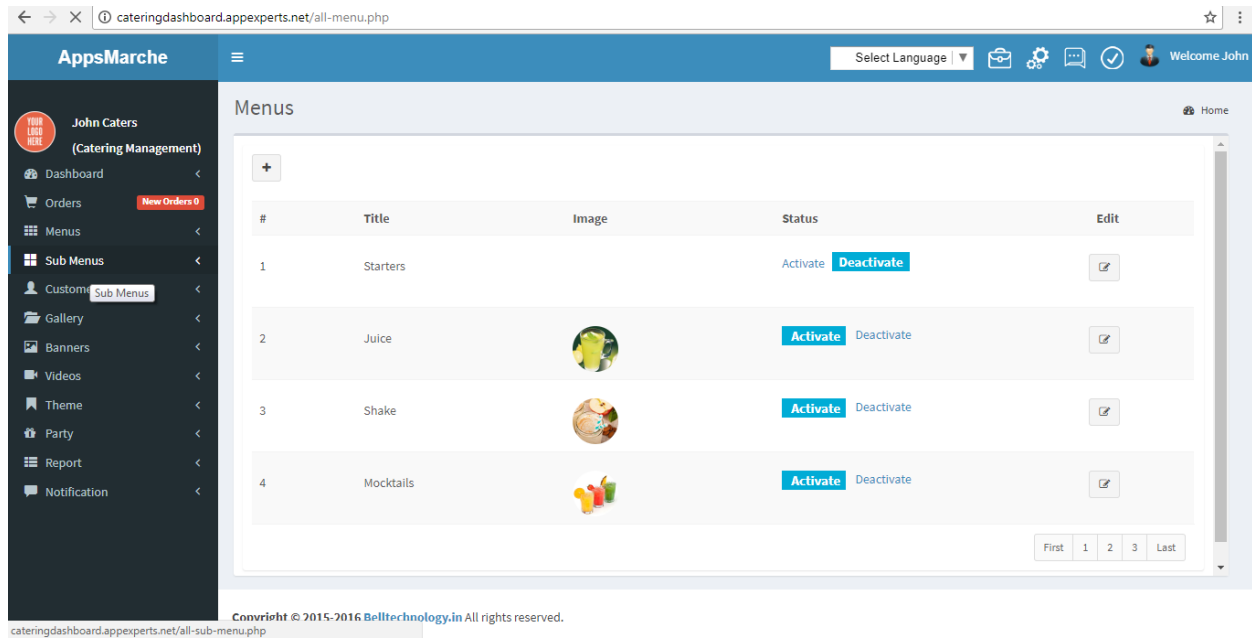

Figure 12 All Menus

To add new menu, Admin has to use + button given on all menu screen

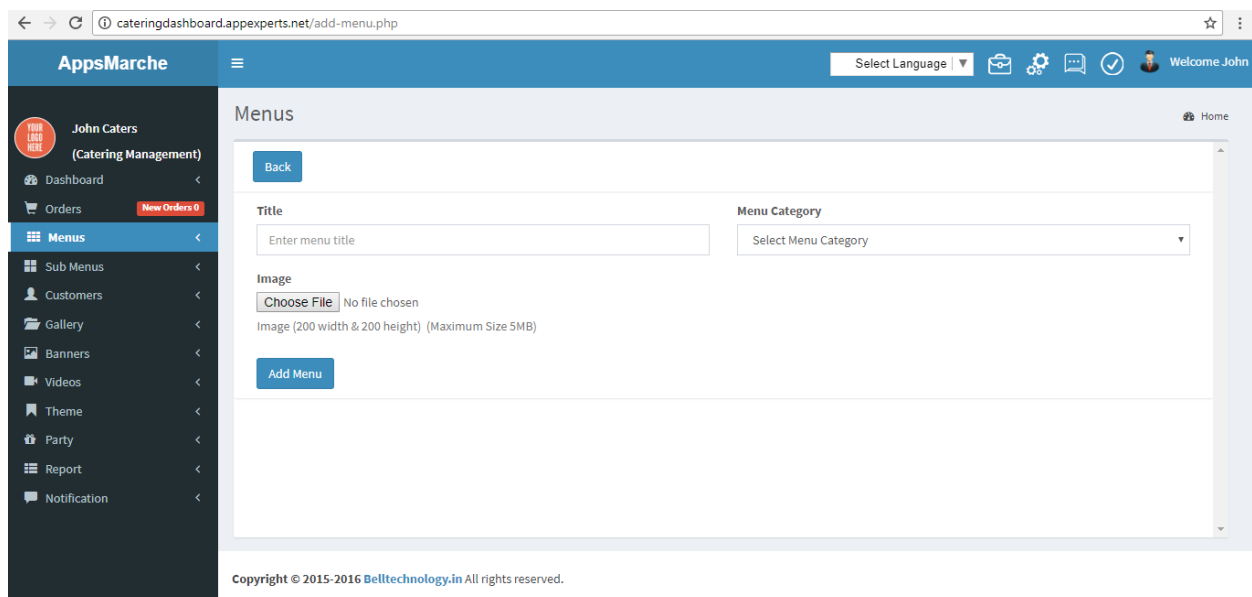

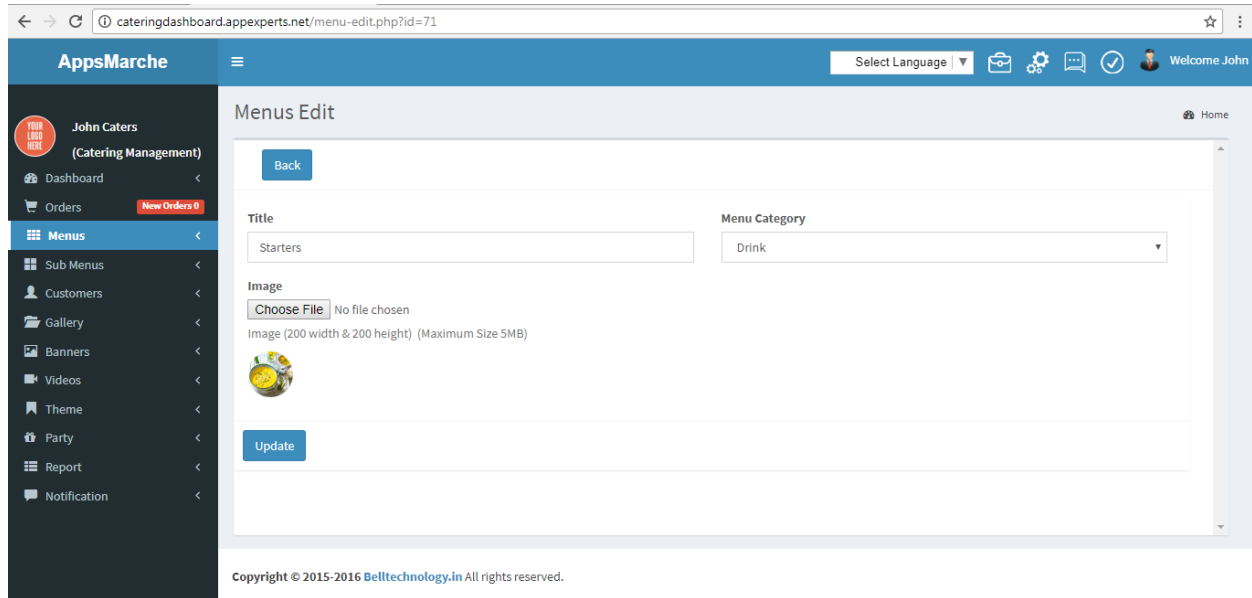

Figure 13 Adding new menu

The Admin can edit or update the information of the menu by clicking on the **edit icon**.

When user selects the **feedback** option in the navigation menu, feedback screen appears

The screenshot shows the 'Report Feedback' page with a teal header. It features a thank you message: 'Thank you for giving us your valuable feedback to us. It help us in improving our platform.' Below this is a prompt: 'Please share your experience with us'. A 'Rate Us' section shows five yellow stars. Below the stars is a large grey text box labeled 'Your feedback'. At the bottom is a teal 'Submit' button. The footer includes 'Developed By' and the ppsMarche logo.
