### 1. AppsMarche Real Estate App

AppsMarche Real Estate App is a unique approach for the Real Estate providers or property dealers who want to manage their projects, properties and their work in a tech friendly and innovative manner. The app contains various features in it which make the work to be managed properly and efficiently. Through this app, the Real Estates builders can manage the data of their properties which includes selling, rent, upcoming projects, bungalows, flats, house or a land. The admin can choose any of the categories to buy the property either on rent or sell. All the user details and their booked properties will be managed by the app. All the functionalities of an app like sending notifications, uploading images, managing the deals, adding properties etc. are managed by Web Dashboard.

### 2. How to Get a Real Estate APP

To get a Real Estate app, the user has to sign up with us with below URL.

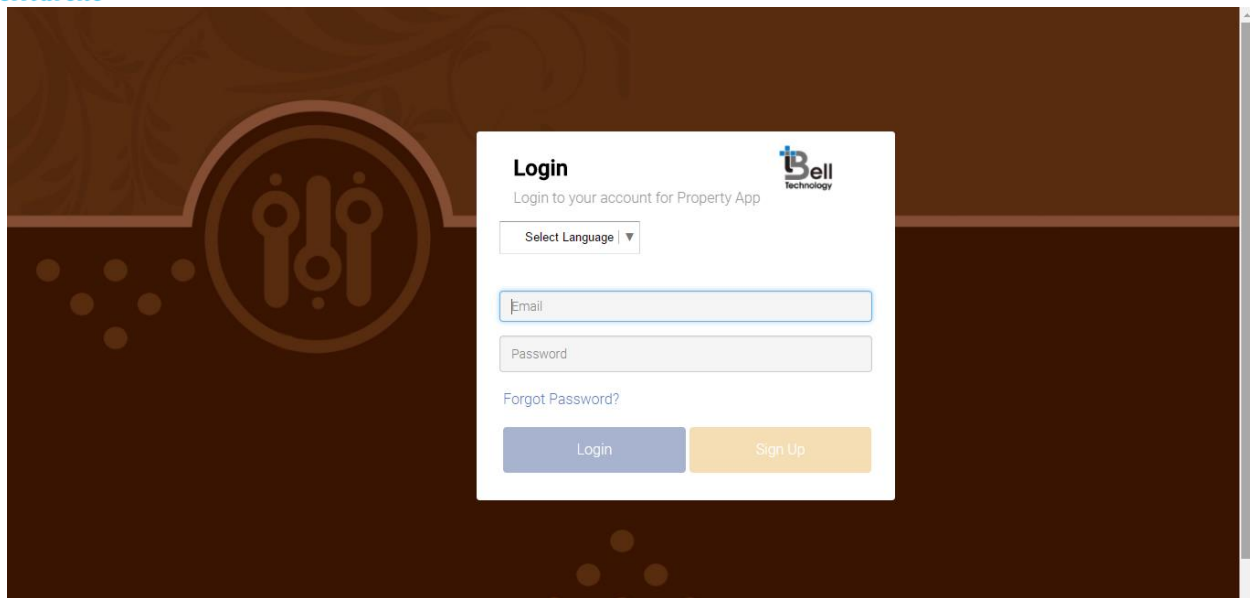

<http://www.appsmarche.com/real-estate-app-appsmarche> and select option to Get APP.

By providing, few basic details, and making payment, user can register with us. Once payment is done, a confirmation email will be sent on registered email id which will contain the details on how to access web dashboard and credentials to access the same.

The app will be uploaded on Play Store within 30-60 min duration after payment. We will send a confirmation email once it is uploaded on Play Store. Also, App can be downloaded from Web Dashboard as well.

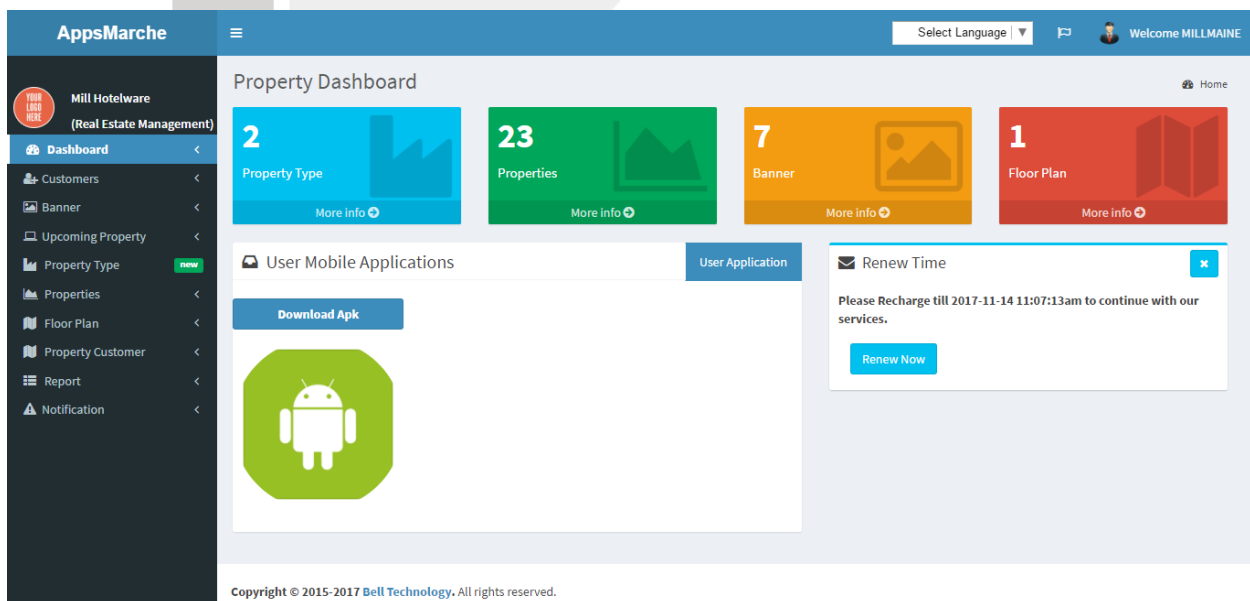

### 3. Web Dashboard Walkthrough

Access web dashboard with the URL shared on registered email id.

*Figure 1 Login Screen*

Admin will see below screen after login into web dashboard.

*Figure 2 Admin Dashboard*

Admin can change language of web dashboard by selected the required language from the drop down available on top right corner.

The screenshot shows the AppsMarche Property Dashboard. On the left is a navigation menu with options like Dashboard, Customers, Banner, Upcoming Property, Property Type, Properties, Floor Plan, Property Customer, Report, and Notification. The main area displays four cards: Property Type (2), Properties (23), Banner (7), and Floor Plan (1). A 'User Mobile Applications' section is visible with a 'Download Apk' button and an Android icon. A 'Renew Time' notification is present in the top right corner.

Figure 3 Change Language

To view all the Customers, admin can select customers tab from the navigation menu on left. Admin can activate or deactivate any of the customers.

The deactivation feature won't let the details visible to the user. The deactivated details will still be accessed by admin anytime. This way the details will never be deleted and will always there into the database.

**Note: This activate/deactivate feature is applicable for all the sections of the dashboard.**

To view all the Customers, admin can select customers tab from the navigation menu on left

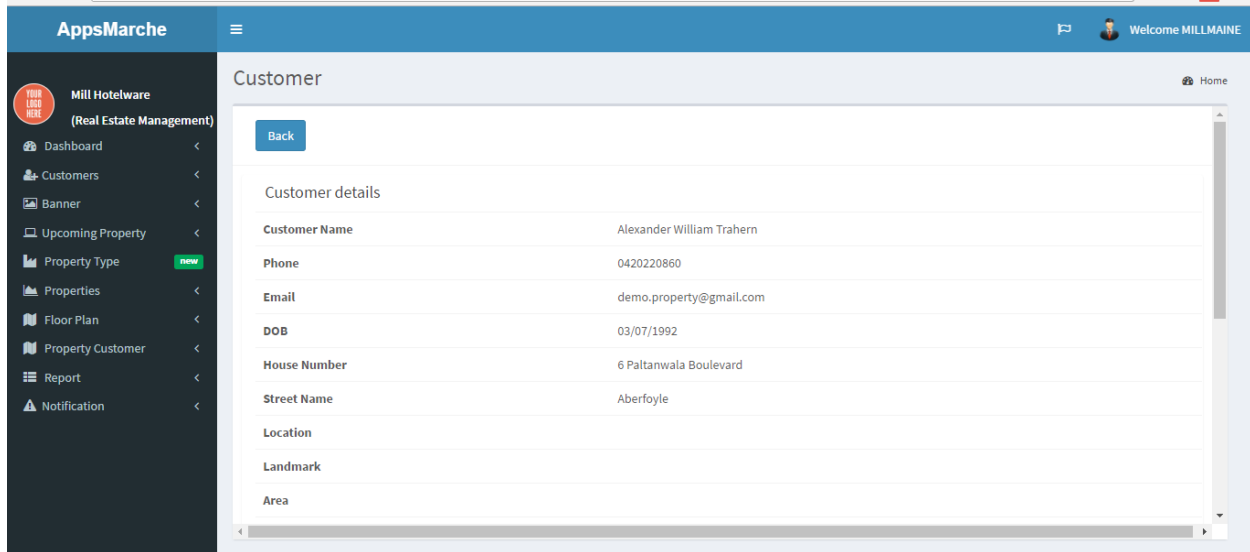

The screenshot shows the AppsMarche Customer Table. The table lists two customers with their details and actions.

#	Customer Name	Phone no	Email	Address	Show Details	Status	Action
1	Alexander William Trahern	0420220860	demo.property@gmail.com	6 Paltanwala Boulevard, Aberfoyle	Show Details	Activate Deactivate	
2	Hannah-Ray Elizabeth	0494780810	demo.realestate@gmail.com	29 Richardson Boulevard, Areegra	Show Details	Activate Deactivate	

At the bottom right of the table, there are pagination controls: First, 1, Last.

Figure 4 All Customers

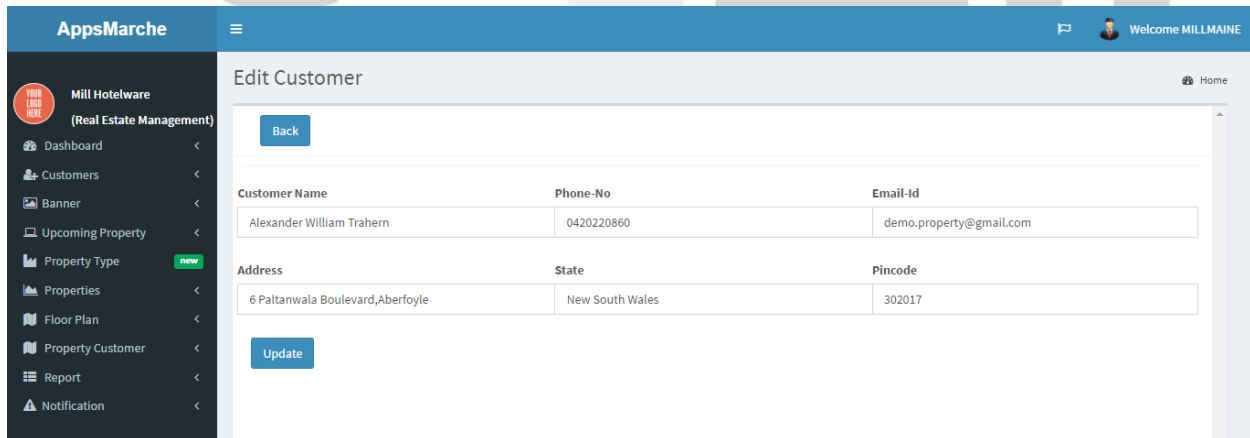

To view the details of the customers, admin can click on the **show detail** option.

Customer details	
Customer Name	Alexander William Trahern

Figure 12 property type screen

These details can be edit on clicking edit icon under action tab.

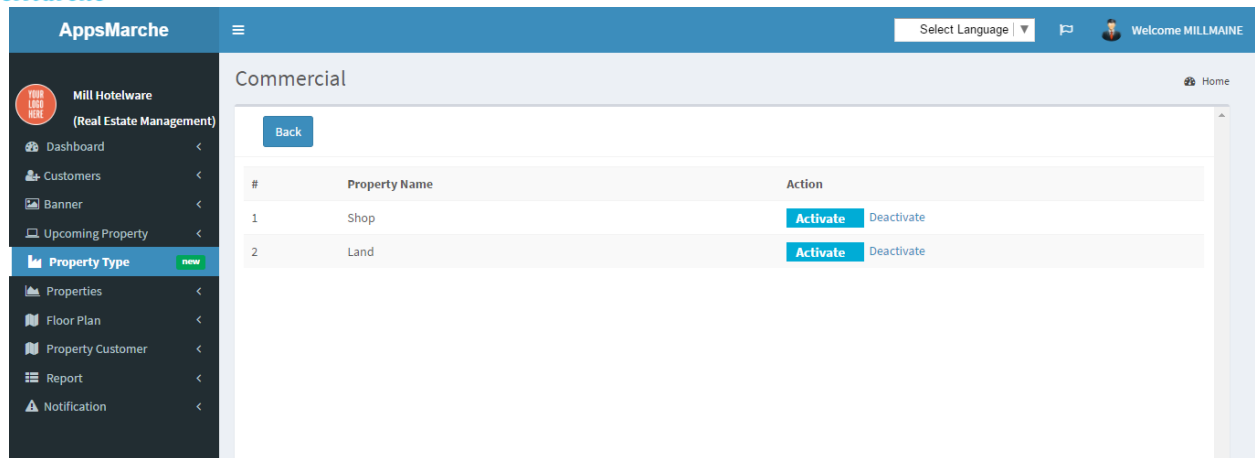

Figure 13 edit details

To add new property admin has to select the type of property and then click on add property

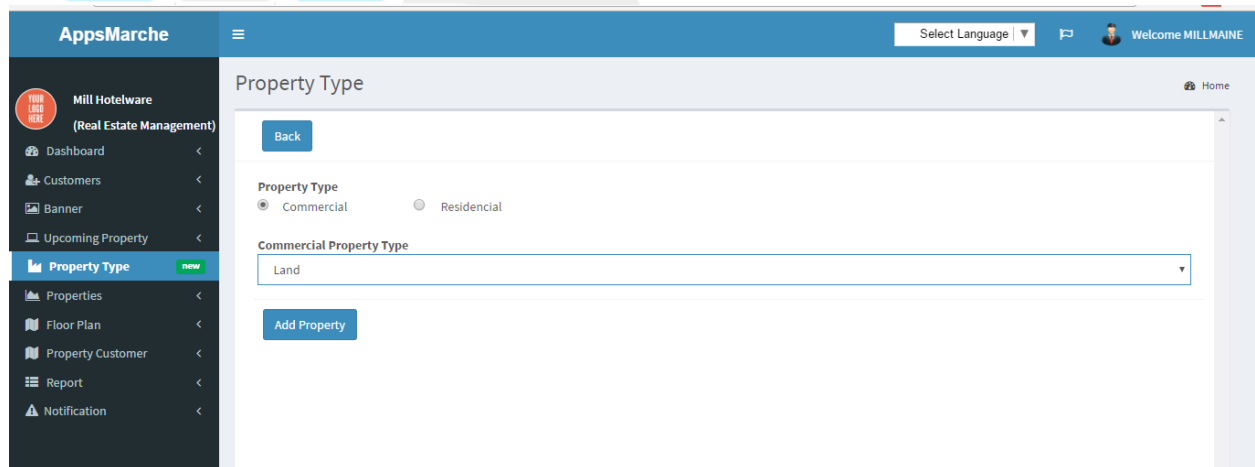

Figure 14 add property type

Now in properties tab, the admin will have two sub-categories i.e. sell and rent.

The screenshot shows the 'Properties' page in the AppsMarche application. The left sidebar contains a navigation menu with options: Dashboard, Customers, Banner, Upcoming Property, Property Type (marked 'new'), Properties (selected), Floor Plan, Property Customer, Report, and Notification. The main content area displays a table of properties for sale.

#	Name	Image	Property Type	Details	Status	Action
1	White house		Sell	Show Details	Activate	Deactivate
2	Maple Woods		Sell	Show Details	Activate	Deactivate
3	Residential Land		Sell	Show Details	Activate	Deactivate
4	Fun Square		Sell	Show Details	Activate	Deactivate
5	Grandeur		Sell	Show Details	Activate	Deactivate

At the bottom right of the table, there are pagination controls: 'First', '1', '2', and 'Last'.

Figure 15 properties for sell

Admin can edit the details of sell properties by clicking on edit icon under action tab.

The screenshot shows the 'Edit Properties' page in the AppsMarche application. The left sidebar is identical to the previous screenshot. The main content area contains a form for editing property details.

The form includes the following fields:

- Owner Description:** A text area containing 'ARTHAV APARTMENT'.
- Society:** A text field containing 'AT11/1B Pearl StHurstville'.
- Image:** A section for uploading images. It shows three placeholder images with red 'X' marks and the text 'Choose File' and 'No file chosen' below each. A note indicates '(Maximum Size 5 MB)'.
- Update:** A blue button at the bottom of the form.

At the bottom of the page, there is a copyright notice: 'Copyright © 2015-2017 Bell Technology. All rights reserved.'

Figure 16 edit properties

The property details can be seen on clicking show details link.

Figure 18 add new property in sell category

Now the other category we have is the properties available on rent.

The screenshot shows the 'Properties' page in the AppsMarche application. The left sidebar contains a menu with options: Dashboard, Customers, Banner, Upcoming Property, Property Type (highlighted with a 'NEW' tag), Properties, Floor Plan, Property Customer, Report, and Notification. The main content area displays a table of properties for rent. The table has columns for #, Name, Image, Property Type, Details, Status, and Action. There are five properties listed, all with a status of 'Active' and a type of 'Rent'. Each property has an 'Edit' icon in the Action column.

#	Name	Image	Property Type	Details	Status	Action

Figure 19 properties on rent

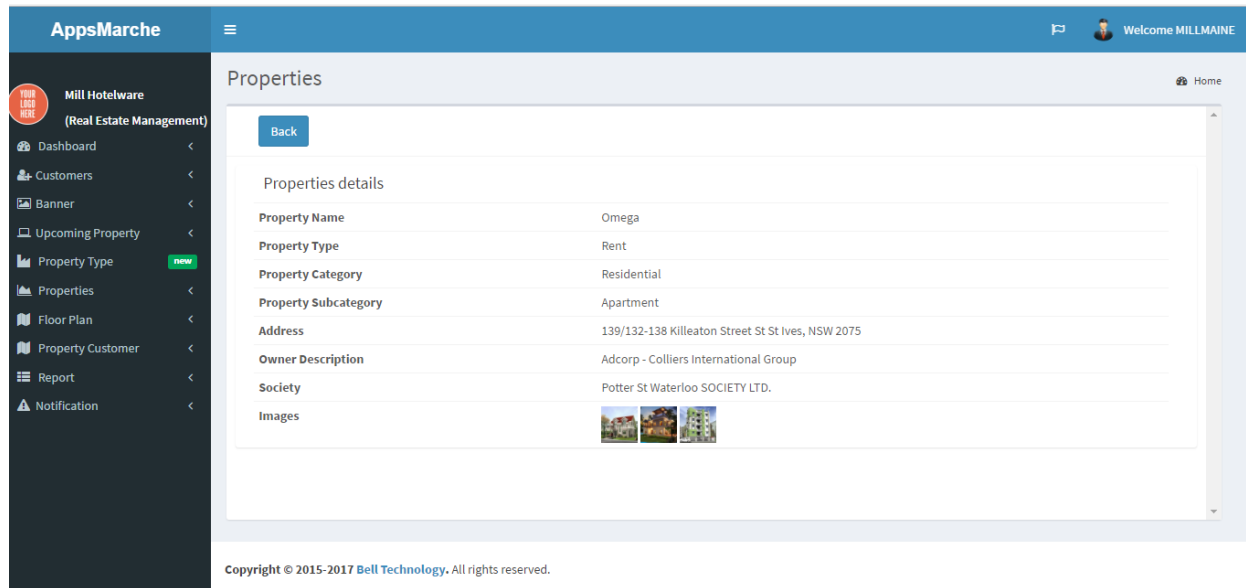

Admin can edit the details of sell properties by clicking on edit icon under action tab.

The screenshot shows the 'Edit Properties' page in the AppsMarche application. The left sidebar is the same as in Figure 19. The main content area contains a form for editing property details. The form includes a 'Back' button, a 'Property Type' dropdown menu (set to 'Rent'), a 'Property Type' section with radio buttons for 'Commercial' and 'Residential' (selected), a 'Residential Property Type' dropdown menu (set to 'Apartment'), a 'Name' text field (set to 'Omega'), and an 'Address' text area (set to '139/132-138 Killeaton Street St St Ives, NSW 2075').

Copyright © 2015-2017 Bell Technology. All rights reserved.

Figure 20 edit properties

The property details can be seen on clicking show details link.

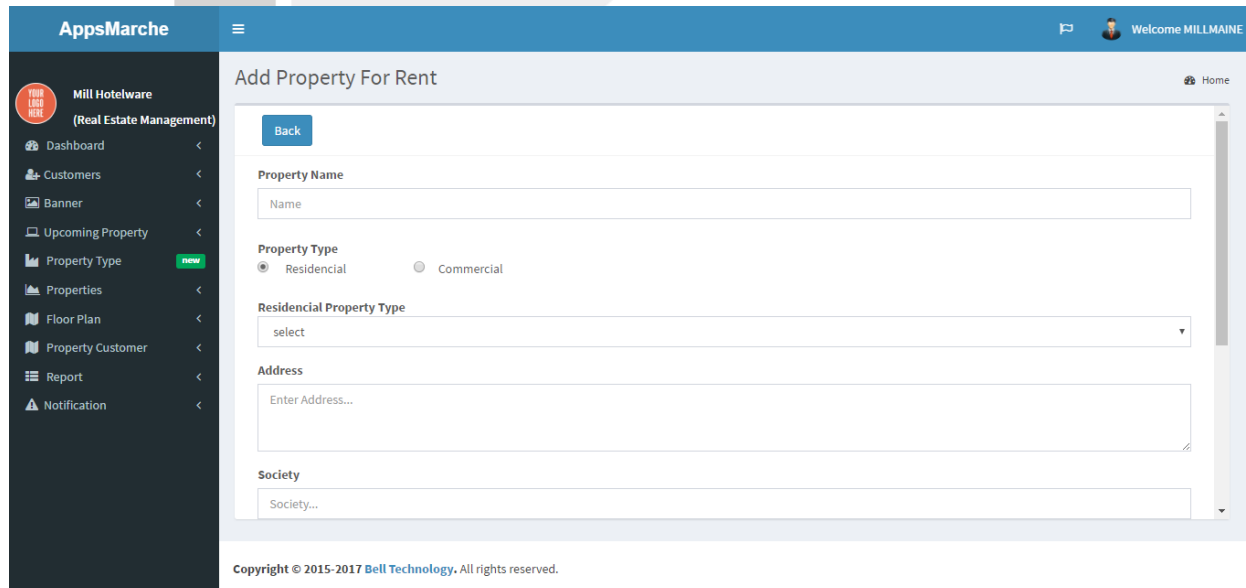

The screenshot shows the 'Properties' section of the AppsMarche interface. On the left is a dark sidebar with a menu including Dashboard, Customers, Banner, Upcoming Property, Property Type (marked 'new'), Properties, Floor Plan, Property Customer, Report, and Notification. The main content area is titled 'Properties' and contains a 'Back' button and a 'Properties details' section. This section displays the following information:

Property Name	Omega
Property Type	Rent
Property Category	Residential
Property Subcategory	Apartment
Address	139/132-138 Killeaton Street St St Ives, NSW 2075
Owner Description	Adcorp - Colliers International Group
Society	Potter St Waterloo SOCIETY LTD.
